

Naturalist at Home: Bird Observations

- Find an area to observe that is visited by birds - you can observe from inside or outside!
- Complete the boxes below by:
 - Writing a description of the bird and what the bird is doing
 - Note types of birds, look at the differences in size, color, beak shape
 - Draw a picture/sketch the bird or add a photo
 - Writing a poem or a haiku about the bird(s)
 - **Research aspect** - Can you identify the birds you're observing? What facts (interesting & fun) can you find out about your birds - cite sources!
 - Bonus points for finding a bird building a nest or doing something exciting
- Take a photo of your completed observation sheet and email to uyfeec@gmail.com or upload the photos to our Facebook posting for Bird Observations.
